

MACKINTOSH NAMED HEAD OF WORLD AD CLUBS:  
MODIFIED HOPKINS REORGANIZATION PLAN WINS

## Conference Sets Tentative Tax Rate Figure

KEY AND COUNCIL  
TO SEEK INCREASE  
OF RATE TO \$1.50

Fulton and DeKalb Delegations to Be Petitioned for Support of Conference Figure.

SPECIAL SCHOOL TAX  
REFERENDUM SOUGHT

At Meeting, Legislators Differ in Views on Tentative Boost—Much Debate on Motions.

Atlanta's mayor and council and the board of education joined Thursday in a petition to the Fulton and DeKalb county delegations in the general assembly to work for a bill to increase the city's ad valorem tax rate to \$1.50, effective this year, and to support a measure that would submit to a referendum of the people the question of levying a permanent special school tax of 75 cents on the \$100 next year.

Legislators of the two counties were present at the meeting. They divided, and if their opinions are still unchanged when the bills are introduced the latter will encounter rough sailing.

Representative Ernest G. Bentley, of Fulton, at first favorable to a tax of \$1.50, with 33-1-3 cents apportioned exclusively to schools, left the meeting, declaring that he would oppose any increase at all. Representative Carl Gues, of DeKalb, put the conference on notice that he is in favor of a referendum vote to decide the levy of even \$1.50. His colleague, Representative Ralph McClelland, did not definitely commit himself, but left the impression that he was favorable to both requests. Virlyn B. Moore, Fulton legislator, showed his sympathy with the plan, while Murphy M. Holloway, the third member, asked numerous questions, which indicated that he was unconvinced, if not skeptical.

**Local Bill Chances Small.**

A local bill introduced in the legislature without the unanimous agreement of the local delegations would have small chance of passage, it is said. On the other hand, if the Fulton and DeKalb delegations should get together and consent to support the city's request, it is expected the measures would pass without difficulty.

Half a dozen motions were presented, each one debated at length, before one was finally adopted. Councilman J. R. Nutting and Mayor Key were authors of separate motions finally adopted. Councilman Nutting moved that the general assembly be asked to raise the rate to \$1.50, and on January 1, 1922, that 50 cents of this amount be apportioned to schools exclusively, and the state school fund and non-resident tuition fees in addition. The mayor suggested a special school tax of 75 cents, to be determined by a vote of the people, and Mr. Nutting withdrew his 50-cent clause. Mr. Nutting's plan was seconded by Alderman O. H. Williamson, of the ninth ward.

On a tax rate of \$1.50 Mayor Key said the schools can operate without the fear of closing before the end of the term this winter. If the legislature approves it is the intention to give him time to raise the money.

The mayor was 45 years old, and leaves a widow and three children.

G. O. P. Discusses  
Reapportionment  
For Dixie States

Washington, June 16.—House republicans at a conference tonight discussed reapportionment and the proposed cutting down of the representation of southern states in congress on account of alleged disfranchisement of negroes. No decision, however, was reached.

Representative Finkham, of Massachusetts, offered a resolution calling for an investigation of alleged disfranchisement of voters, but this did not come to a vote. Representatives Barbour, of California, urged that the republicans support a bill retaining the present size of the house under the reapportionment based upon the 1920 census.

Another conference will be held next Thursday night, and it is expected that both questions will be taken up again then.

FINES THREATENED  
IN INSURANCE TAX

## Delinquency Places Corporations in Danger of \$500 Assessments, As-sets Wright.

With the total of insurance taxes collected to date at \$100,000, or nearly \$500,000 short of the amount paid into the treasury in 1920, Comptroller General William A. Wright announced Thursday night that there is a large number of companies operating in the state in danger of being fined \$500 for not meeting payment.

At present, there are more than three hundred corporations engaged in selling insurance in Georgia, and according to the law, they are required to make payment to the comptroller general of a special tax levied against them on or before July 1 each year.

General Wright has collected taxes from approximately sixty of these companies, the sum amounting to about \$100,000, he stated. The balance of the special tax amounts to about \$600,000 annually, and whenever a company fails in its tax payment, a penalty of \$500 is required to be exacted by the comptroller general.

With the present financial condition of the state, it is pointed out, the funds derived from the insurance tax are badly needed this year. The state's interest account, which amounts to \$110,000, must be paid on these funds, while the expenses of the general assembly, unless the rate of payment of the taxes is greatly increased during the next few days, there will be no funds to advance members of the legislature beginning a day or so after they have arrived, as has been customary.

TAX COLLECTOR  
IN GRADY COUNTY  
COMMITTS SUICIDE

Calto, Ga., June 16.—The body of R. W. Ponder, tax collector of Grady county, was today found in a secluded spot about eight miles north-west of Cairo, where yesterday he committed suicide.

The books of the tax collector's office are being audited and it is alleged that Ponder was short about \$3,500.

Ponder left a letter in which he blamed the auditor for his death, claiming he tried to settle the alleged shortage but the auditor refused to give him time to raise the money.

The man was 45 years old, and leaves a widow and three children.

## 'Twas Fifty Years Ago, My Lads

Resurrected From the June 17, 1871, Issue of  
THE ATLANTA CONSTITUTION

BY FUZZY WOODRUFF

## Sinn Fein Uprising.

The wild Fenian, Dan Shehane, was brought up in mayor's court for being drunk, disorderly, and using profane language. Dan belongs to the Rollicking Rams, and at the Campbell house said he had a pistol and would use it. When the policeman arrested him, Dan was inclined to be vexed, and threatened to put a head on the policeman, but on seeing that clubs were trumps, he went to the calaboose. The mayor fined him \$10 and costs.

## The Majesty of the Law.

A small colored lad was arraigned before Mayor Hammond yesterday on charge of riding a velocipede on the sidewalk. The ordinance will be rigidly enforced. Look out, boys!

## Foaming Over.

Sam H. Smith, the versatile, vivacious and vigorous editor of The Cartersville Express, was in the city yesterday, foaming over with good humor and kindness.

## Quintessence

The Opelika Locomotive announces the arrest of a man named Bolling from Gwinnett county, Ga. "There were several charges brought against the said Bolling, but the greatest among them was taking of another man's wife and child to his own bosom. A writ of habeas corpus was issued, but the sly-witted Georgians gave them the dodge ere the outraged law could be avenged."

## Happy, Happy Rome!

Rome is happy in a plentiful supply of frying chickens.

EXAMS TO BE HELD  
IN STATE SHORTLY  
TO FILL P. O. JOBS

Civil Service Commission Announces Application Blanks and Regulation Forms Are Now Ready.

REGULATION DETAILS  
GIVEN FOR FIRST TIME

Offices to Be Filled Are of First, Second and Third Class Postmaster-ships.

BY JAMES A. HOLLOWAY,  
Constitution Bureau,

Washington, June 16.—(By Constitution Bureau Wire.)—The United States civil service commission is preparing to announce at once a series of examinations in Georgia for first, second and third-class post-offices, under President Harding's recent order. It today notified Georgia congressmen that the new application blanks for the use of those seeking postmaster appointments, the employment of which is imperative, are ready, as are also copies of the new regulations governing the examinations as called for by the president in his own modification of the old Wilson order relating to presidential offices.

In the new regulations, which have not before been in the public prints, there are many radical starting innovations from the rules governing former civil service examinations. For instance, the applicants for first and second-class postmasters are not required to assemble at any place for examinations, but will be called on for education and training at the relative weight of 20 and on business experience and fitness at the relative weight of 80, the qualifications to be rigidly determined by private or individual examinations.

There are more third-class postmaster-ships to be filled in Georgia than the other two higher classes combined, hence the regulations concerning their proven qualifications are more comprehensive.

**General Qualifications.**

For all presidential postmasters the general qualifications are that a candidate must be a citizen of the United States; must actually reside within the delivery of the office for which the application is made; must have so resided for at least two years next preceding the date the vacancy occurred; must be in good physical condition, and must meet the age requirement hereinafter specified.

In examinations in which the candidates are assembled in an examination room for a written examination (as for third-class offices only) candidates must submit to the examiner on the day of the examination their photographs, taken within two years, securely pasted in the space provided on the admission cards sent them after their applications are filed.

In examinations in which the candidates are not assembled for a written examination the photographs must be forwarded with the applications. Group photographs, proofs, or indistinct prints will not be accepted.

ROTARY SPEECH  
OF ASHBY JONES  
NOT DELIVERED

Edinburgh, Scotland, June 16.—The convention of the International association of Rotary clubs was concluded today. British and American flags mingled in the pageant, the principal features of which were figures representing Britain and the status of liberty.

The speech of Rev. M. Ashby Jones, to have been made at the convention, was not delivered.

The president of the association declared that the convention was the most successful the Rotarians had ever held. The delegates rejected a proposal for construction of permanent headquarters in Chicago at a cost not exceeding \$500,000.

ONE MAN MAY DIE,  
CHILD AND WOMAN  
HURT IN ACCIDENTS

E. T. Lee, of East Point, in Grady Hospital With Fractured Skull, After Auto Hits Tree.

LITTLE GIRL STRUCK;  
NEGRO IS ARRESTED

Third Crash of Day Damages Cars, But Occupants Escape Hurt—Run-away Car Hits Woman.

Thursday was productive of a number of automobile accidents. One man was probably fatally injured, a little girl was severely bruised and a woman was severely injured when a runaway car struck her and two automobiles were wrecked. All of the accidents, with the exception of the last, were said by police to have been avoidable, and complaints of reckless driving have been lodged against a number of drivers. In one of the wrecks, occupants of cars in a head-on collision almost miraculously escaped serious hurts.

E. T. Lee, mechanic, living in East Point, is in Grady hospital with only a fighting chance for life as the result of his losing control of his automobile and crashing into a tree in front of No. 81 Washington street. He is suffering from a fracture of the skull and concussion of the brain.

The accident occurred late Thursday afternoon. Lee was driving south on Washington street in a small out-of-town Ford roadster. He was the only occupant. After passing an outboard Washington street car on the right side, he drove in front of the trolley and instead of righting his machine and continuing south, he is said to have allowed the car to crash into a tree on the left sidewalk.

Lee was rushed to Grady hospital where an X-ray disclosed a serious fracture of the skull. The impact of the collision hurled him from his seat headlong against the tree. He also received bad bruises about the body. His machine was badly wrecked.

**Little Girl Struck.**

At 1 o'clock Thursday Carrie Story, a 4-year-old girl of 576 Capitol avenue, was struck by a truck be-

Fight Promised  
Over Tax Jobs  
At Council Meet

Battle on Assessors May Be One of City's Hottest Contests.

One of the hottest fights in the history of local politics is promised next Monday afternoon in city council, when two city tax assessors are to be elected.

Marvin P. Roane, state oil inspector, announced his candidacy Thursday to succeed W. A. Hancock, who is running for re-election. There were general and persistent rumors that A. C. Burton, also a candidate for re-election, will be opposed by Drew Liddell, who is now connected with the office of Fulton county tax collector. Mr. Liddell would not verify the report and refused to make a statement Thursday night.

When asked if he was in the race Mr. Roane readily admitted his candidacy and declared, "I am going to be elected too." Mr. Hancock is just as positive that he

"ONE BIG UNION"  
PLAN REJECTED  
AT A. F. OF L. MEET

Executive Council Reiterates Stand Taken When American Labor Withdrew From Conference.

SOCIALIZATION PLAN  
OF INDUSTRY SCORED

International Federation Not True Exponent of European Workers, Says Gompers.

## DENVER, JUNE 16.—The American Federation of Labor Thursday night reaffirmed its opposition to the announced principles of the international federation of trades unions.

The executive council of the federation, in a letter to J. F. Oudegeest, secretary of the international organization, denounced the stand taken by the organization for socialism and industry general strike and use of force to accept the proposals of the united international working classes.

The letter expressed the hope for a united labor movement "on the basis that accords with the philosophy of democracy, and human freedom with autonomy and freedom for all."

The letter was a bitter arraignment of the work of the international federation of unions. It forecast the doom of a resolution pending before the convention which would instruct the officers of the American federation to re-establish relations with the international organization. The resolution is before the committee on international affairs of which Samuel Gompers is chairman.

**Gompers Heads Council.**

As Gompers is also head of the executive council, it was considered doubtful if the resolution would receive much support.

The American federation sent delegates to the international trades union meeting several weeks ago, but during the war, on recommendations of Gompers, cancelled all affiliations with the organizations.

The letter bitterly condemned the order of the international union that union workers of all countries should manufacture munitions of war, as playing into the hands of the bolsheviks, it said.

"The manner, method and time of your proclamation could have had no other purpose than to assist the autocratic tyrants of the world in their plan to undermine and destroy the democracies of the world and make these democracies helpless against soviet propaganda and its military aggression and compulsory labor."

The letter declared the international union made the demand only at a time when it would have been of service to the autocratic powers, and if it would have been acted upon, the democracies of the world would have suffered disastrous consequences.

The council declared that before the American federation would approve of any international organization, the various units of the organization must have complete autonomy.

**Accuses International.**

The organization with trying to disguise "socialization as mere government ownership."

In addition to the denunciation of the international union, the convention Thursday made considerable progress with the work of fighting wage cuts, meeting the problem of unemployment and strengthening its organization in the face of attacks from open shop forces.

Provision was made for the appointment of a committee of five to investigate the possibility of finding employment for the millions of men out of work. By appropriation of the federal and state governments of sufficient funds to provide for public improvements on roads and buildings to employ the idle. The committee on shorter work day had under consideration a proposal to limit the work day to six hours and eliminate overtime in order to furnish more work for more men.

Strengthening of the labor organizations in New England, in the lumber districts of the northwest and in the textile mills of the south to prevent further wage cuts and to fight for shorter hours was provided in resolutions approved by the convention.

An effort of the colored delegation to present a resolution condemning the activities of the Ku Klux Klan in the south urging the federal and state governments to take steps to crush the organization was not allowed to be presented.

**Lively Fight.**

The convention had a lively fight

Teachers Protest Failure  
To Face Miss Riordan  
With Specific ChargesREQUESTS HARDING  
TO MAKE DEFINITE  
STAND ON LEAGUE

Editor Recalls Administration "Association of Nations" Promise, and Asks "How About It?"

SAYS WITHOUT PLAN  
BOLSHEVISM COMES

Hamilton Holt Warns That Congress and Country Will Demand Some Form of League.

New York, June 16.—Hamilton Holt, magazine editor who headed the delegation of pro-league republicans that called on former President Wilson during the last presidential campaign, today made public a letter he had written President Harding, asking him to explain to the American people the terms of the Harding association proposed to supplant the Wilson league of nations.

"If you delay much further, people everywhere will inevitably conclude that you have no concrete plan at all or else that you propose to put party harmony above world welfare," declared Mr. Holt. "In that event there will be nothing left for those who want America to play her rightful part in stabilizing the world, but to organize the country so as to capture congress for the league in 1922 and the presidency in 1924."

This Mr. Holt asserted, could be done. He declared that the league of nations and bolshevism were the only great ideas that had come out of the war as world panaceas, and he asked the president whether he could guarantee that the world would not turn to bolshevism if it came generally to be believed that he had no plan at all for a substitute for the league.

The text of his letter says in part:

**Would Like to Know.**

"As president, you have unequivocally repudiated the existing league of nations, whose area comprises considerably more than half the earth and whose population numbers three-quarters of the human race. You even permitted without rebuke your ambassador at the court of St. James to say that you will have nothing to do with any 'commission or committee appointed by the league or responsible to it directly or indirectly, openly or covertly.'"

"You have, nevertheless, as presidential candidate, repeatedly promised during the campaign and as president you have reiterated that promise, that you will seek to establish 'an association of nations' after the opening of the meeting, and right, binding us in conference and co-operation for the prevention of war, and pointing the way to a higher civilization and international fraternity in which all the world might share."

"You have not yet given the American people the slightest inkling of the terms of this Harding association."

Letter Sent School Board, Declaring Injustice Done Instructor Dismissed at Executive Session.

GAINES IS UNDECIDED  
ON CALLING MEETING

Teachers Ask Open Session for Association Members to Hear Case of Miss Riordan Discussed.

President W. W. Gaines, of the board of education, stated Thursday night that he had not decided whether he will call a special meeting of the board to answer the request of the Atlanta Public School Teachers' association for a statement of the charges, if any, on which Miss Julia Riordan, principal of Davis Street school, was dropped last week from the system at a star chamber session. He said that the letter of the teachers might not be considered before the next regular meeting, which is Friday, July 8.

In session Thursday morning approximately 150 members of the association voted unanimously to adopt a communication to the board protesting against the summary dismissal of Miss Riordan, declaring that "we would hold that a teacher should be dismissed only for cause, and that any teacher charged with the incompetency or misconduct should be confronted by his or her accusers and given a fair opportunity to defend his or her qualifications or conduct, as the case may be."

"On last Friday Miss Julia Riordan, principal of the Davis Street school, was deprived of her position by your body acting in your official capacity in the election of teachers. The action was taken in executive session. No charges had been made against Miss Riordan as far as she or her fellow teachers were informed. No hearing was allowed her if there were any charges. She was given no opportunity to defend herself."

**Feel Injustice Done.**

"We feel that a great injustice has been done Miss Riordan. We feel that an injustice has been done to the school in that such action engenders a feeling of unrest and uncertainty among the teachers that is most detrimental to the morale of the teaching body."

The teachers asked that the board hold an open meeting, permitting representatives of the association to be present when the Riordan case is discussed.

There was no sensational debate and extreme deliberation marked the action of the teachers. In brief talks a number of the instructors pointed to the splendid service of Miss Riordan in the schools.

Resolutions were passed unanimously denying the report that the teachers and principals were apposed to Miss Blanche Campbell, elementary supervisor, who resigned following an attack by Commissioner Carl Hutcheson at a closed-door meeting of the board of education.

**Explains Special Call.**

At the same meeting the teachers called attention to the fact that R. C. Little was not elected as assistant superintendent, and expressed regret over the circumstances.

In his preliminary remarks just after the opening of the meeting, President Phillips explained the object of the special call.

CHICAGOAN NAMED  
OVER NEW YORKER  
IN FINAL SESSION

Hopkins Gives New President Hot Race—Decision in Doubt Until Final Balloting.

ATLANTA AD CLUB  
AWARDED TROPHY

Hopkins Plan for Reorganization Adopted With Modification—Atlanta Thanked for Hospitality.

Charles Henry Mackintosh, of Chicago, was elected president of the Associated Advertising Clubs of the World at the final session of the seventh annual convention of that organization here Thursday afternoon. The victory of Mr. Mackintosh came after a heated contest with George W. Hopkins, of New York, and the final vote of the delegates stood 426 to 698.

By a change in the constitution, two vice-presidents were added to the executive committee of the association, the vice-presidents elected, with the districts they represent, being as follows:

District 2, H. H. Charles, New York; district 4, Frank E. Lowenstein, Atlanta; district 6, Charles J. Oriskany, Indianapolis; district 8, C. G. Ferguson, Minneapolis; district 10, Harold Kayton, San Antonio; district 12, Don Francisco, Los Angeles; district 14, W. S. Crawford, London, Eng.; district 13, William F. Strandberg, Portland, Ore.; district 16, E. J. W. Caldecote, Brisbane, Australia.

Two other new members of the executive committee will be Miss Jessamine G. Hoagland, of Chicago, designated by the conference of advertising women to represent the committee and W. Frank McClure, of Chicago, who becomes a member of the executive committee, by virtue of his election as chairman of the national advertising commission, a division of the advertising world.

Today the 3,000 delegates who have visited Atlanta for the past four days are leaving the city for their homes throughout the United States and the civilized world and Thursday afternoon accorded Atlanta an overwhelming vote of enthusiastic praise for the way in which the convention has been handled in all its details. The Atlanta club was also awarded the D'Arcy trophy for having been during the past year the advertising club most alive to the opportunity of promoting efficiency and in the organization of new ad clubs throughout the section.

The Hopkins plan of reorganization of the international ad clubs, the platform on which the defeated candidate ran, was adopted in modified form by the convention, the plan adopted being that which was finally adopted and recommended by the executive committee. This was adopted unanimously, suggesting that the president appoint an advisory committee of four members to constitute the cabinet and assist him in the effective administration of the association's business. The remainder of the suggestions incorporated are published herewith.

**Hopkins Satisfied.**

"I am the happiest man in Atlanta today," said Mr. Hopkins last night in a talk to newspaper men.

C. L. von HERMANN,  
Meteorologist, Weather Bureau.

porters. "I do not want to be president. I was only concerned in the success of the plan to make the president of the ad clubs a real executive; the plan which I presented for the support of the New York club, and which was presented at the request of the ad convention leaders in Indianapolis in 1920, has been adopted. No essential feature has been changed. We were perfectly willing for the various cities to express their preference on the question of whether we should establish a permanent convention city or not. The cities have decided that they would prefer a switch each year; that is perfectly agreeable to me, and to every one of us who have supported the change.

"In defeat, I feel that I have won. I have no hard feelings against any delegation, against any person, or

any against faction that fought me for election. We have done the best we could; we have made our fight; we have lost; we congratulate Mr. Mackintosh upon his victory, and we pledge him our very best aid in the prosecution of any plan that tends to the improvement and to the betterment of the ad profession and to the ad clubs of America."

**Hot Fight on Report.**  
The convention, by resolutions, went on record as opposing the repeal of the act of congress of August 12, 1912, requiring newspapers and periodicals to make and publish semi-annual reports of their net paid circulation to the post office department. This resolution brought on a hot floor fight, the chief opponents of the resolution being E. W. Chandler and the supporters being Arthur Neumyer, of New Orleans, A. L. Shuman, of Fort Worth, and Charles Atkinson, of Atlanta.

The following resolution opposing any action on the part of the federal trade commission in interfering with the legitimate association of

group advertising among the farmers and agriculturalists, was adopted:  
"Whereas, it is with the deepest satisfaction that the advertising industry has watched the continuing growth of co-operative advertising in marketing the products of fruit growers, of lumbermen and of other producers, until today farmers are coming together in association to use co-operatively this great force in marketing their crops; and whereas, these fundamental producers, whose products are basic human necessities, are offering the crowning opportunity to complete the demonstration of the power of advertising to serve 'all sorts and conditions of men';  
Therefore be it resolved, that the Associated Advertising Clubs of the World, in convention assembled this 16th day of June, 1921, strongly oppose any action on the part of the Federal Trade Commission to interfere with legitimate association of group advertising."

**For Ecological Director.**  
The employment of the best man available by the association as the director of advertising educational work was also recommended by the convention, this being a part of the program adopted in modification of the defeated Hopkins plan. Amendments to the by-laws of the organization, placing North and South Carolina in the district in which Atlanta is in, and E. W. Chandler is vice president in charge of this district.

The heated fight over the presidency was the most enthralling session of the gathering, since the competition was even keener than had been expected. As the votes of the delegations were told off, the final count was in doubt until the compilation was announced to give Mackintosh a total of 126 votes and Hopkins a total of 125 votes. Hopkins was confirmed at the next convention city, the motion for confirmation made by Major Charles C. Case, of Atlantic City, opponent of the season city in the fight.

Ex-Governor J. F. Ferguson, of Mississippi, delivered the farewell address to the association, telling them of the pleasure Atlanta had experienced in having them here and delivering to them a ringing commendation of their splendid optimistic spirit. He said, the spirit of optimism prevailing in Georgia. The session was presided over by E. W. Chandler, retiring president.

**Debate on Law.**  
Samuel C. Dobbs, of Atlanta, twice past president of the International Advertising Association, made the speech which nominated Mr. Hopkins, while Mr. Mackintosh was nominated by J. F. Ferguson, of Mississippi. A resolution was also adopted condemning the practice of operating fraudulent business concerns in foreign countries under the American flag. A bill is now in congress designed to suppress that practice and the convention voted its entire indorsement of that piece of proposed legislation.

When the resolution was introduced lauding Atlanta for the excellent way in which she had entertained the convention, there was exhibited on the floor of the Westview Memorial church a regular old-fashioned love feast. Delegates cheered Atlanta and Atlanta tried her best to respond. When the resolutions had been passed with an ovation that lasted several minutes and several ex tempore speeches had been made praising the city, Charles Atkinson rose to his feet and in a few short sentences explained that Atlanta itself had not entertained the convention, but had done it with the aid and inspiration of the visitors.

**Resolutions of Appreciation.**  
The resolutions which were passed at this place follow:  
"Whereas, The Associated Advertising Clubs of the World have been most fortunate in past years in their selection of locations for their annual convention and have been honored the hospitality of various communities that has been most enjoyable, this association in its 17th annual convention desires to go on record in strongest terms in appreciation of the hospitality of the state of Georgia, Fulton county, the city of Atlanta, the Chamber of Commerce, and the following clubs: Atlanta Advertising Club, Rotary, Lion's, Kiwanis, Atlanta Athletic, Druid Hills, Capital City, Piedmont Driving, Elks and Atlanta Women. From the moment of our arrival we have felt that we were in the keeping of interested friends; no effort has been spared to contribute to our comfort; the entertainment has been most elaborate; cordiality has been evident on every hand; we saw, we have been conquered."  
Therefore be it resolved, that we extend to the Advertising Club of Atlanta and the people of the city and the state our cordial thanks for their successful efforts to make this convention a tremendous success. Other important cities voted as follows: Atlantic City, Mackintosh; Baltimore, Hopkins; Boston, Hopkins; Chicago, Mackintosh; Cincinnati, Hopkins; Cleveland, Mackintosh; Dallas, Hopkins; Detroit, Mackintosh; Milwaukee, tied; Minneapolis, Mackintosh; Montreal, Hopkins; London, Hopkins; Shanghai, Hopkins; Pittsburgh, Hopkins.

**Platform on Own Plan.**  
Mr. Hopkins' candidacy was based on the platform of his reconstruction plan, while that of Mr. Mackintosh was a pledge to visit every club in the United States with the slogan, "A Working President."  
Jesse H. Neal, of New York city, chairman of the committee on trophies, announced that the Women's Advertising Club of Chicago had for the second time won the trophy for the second year to the woman's advertising club which had won the trophy for the first time in 1919. The trophy was presented to the woman's advertising club of Chicago by the Indianapolis convention.

Miss Mary Crowley accepted the trophy on behalf of the Women's Advertising Club of Chicago.  
**Atlanta Wins Trophy.**  
D'Arcy trophy, awarded each year to the advertising club which takes the best advantage of its opportunities to help organize other advertising clubs, was awarded to the Atlanta Advertising Club, which organized nine new clubs, bringing 500 new members into the association.  
David Webb, of Atlanta, accepted the trophy on behalf of the Atlanta Advertising Club.  
The Dallas Ladies' trophy, awarded each year to the advertising club which brings the greatest number of miles, was awarded to the League of Advertising Women of New York city, whose members traveled 25,491 miles in the aggregate.

One of the highlights of the closing session was a resolution introduced by Marquis Regan, of the New York Advertising Club, calling upon the associated clubs to bring to the attention of the ways and means committee of congress the danger confronting American industries and labor through the flooding of our home markets by competitive merchandise produced by cheap foreign labor.

**Based on Pamphlet.**  
Mr. Regan's resolution was based on the pamphlet "Wages in the United States and Foreign Countries," just issued by the ways and means committee. The resolution, which was first acted upon and adopted by the convention, read in part as follows:  
"Be it resolved, by the Associated Advertising Clubs of the World, That both American labor and industry should be protected against the dumping of foreign-made products upon the American market, and that every American valuation in assessing a valorem duty on imports; that such legislation be necessary as a result of the standards of employment and living, and will stabilize business during readjustment necessary as a result of the world war."

The following resolution was also adopted by the associated clubs Thursday afternoon:  
"Whereas, The Associated Advertising Clubs of the World have been significantly honored by the selection of one of their presidents, E. T. Merdith, as secretary of agriculture, and  
Whereas, They have been a second time honored by the selection of Henry Wallace, who is a member of the Associated Advertising Clubs of the World, for the same office, and  
Whereas, The national value of the department of agriculture can be greatly enhanced if the business world and the urban public are informed of the services it can render to these classes; now, therefore, be it resolved, That the Associated Advertising Clubs of the World, in convention assembled, this 16th day of June, 1921, recommend to the incoming administration the appointment of a representative of these clubs to give consideration to a plan of inaugurating a campaign of publicity and speaking to the end that every business man and every urban citizen shall know the services which the United States department of agriculture stands ready to render, and that a copy of this resolution be sent to the secretary of agriculture."

for us to take today," he said, "is not dissimilar from action which we took some time ago in deploring the summary dismissal of Professor Dykes. That was somewhat different, in that Mr. Dykes is not really one of our number. And it is true that occasionally a teacher is elected to be superintendent, and thereafter loses his feeling of fellowship with the other teachers, loses the common touch which is so important."

"But today we are considering one of our own number—and we are working on the basis that tomorrow it might be you, or me, who is cut off from work."

A special committee was appointed to investigate the charges against Miss Rindan's case to the board of education. The following teachers will ask for an early meeting of the board: Miss Mary Barker, author of the letter, chairman; C. E. Betts, L. O. Kimberley, Mrs. Jennie Bloodworth, Miss Adelle Steinheimer and Mrs. T. D. Albright.

## Close Contest in Ad Election

CHAS. H. MACINTOSH GEORGE W. HOPKINS  
The two candidates for the presidency of the A. A. C. of W. Left: Charles H. Mackintosh, of Chicago, the victor; and right, George W. Hopkins, of New York, who lost by less than thirty votes

nati. Mackintosh; Cleveland, Mackintosh; Milwaukee, tied; Minneapolis, Mackintosh; Montreal, Hopkins; London, Hopkins; Shanghai, Hopkins; Pittsburgh, Hopkins.

**Platform on Own Plan.**  
Mr. Hopkins' candidacy was based on the platform of his reconstruction plan, while that of Mr. Mackintosh was a pledge to visit every club in the United States with the slogan, "A Working President."

Jesse H. Neal, of New York city, chairman of the committee on trophies, announced that the Women's Advertising Club of Chicago had for the second time won the trophy for the second year to the woman's advertising club which had won the trophy for the first time in 1919. The trophy was presented to the woman's advertising club of Chicago by the Indianapolis convention.

Miss Mary Crowley accepted the trophy on behalf of the Women's Advertising Club of Chicago.

**Atlanta Wins Trophy.**  
D'Arcy trophy, awarded each year to the advertising club which takes the best advantage of its opportunities to help organize other advertising clubs, was awarded to the Atlanta Advertising Club, which organized nine new clubs, bringing 500 new members into the association.

David Webb, of Atlanta, accepted the trophy on behalf of the Atlanta Advertising Club.  
The Dallas Ladies' trophy, awarded each year to the advertising club which brings the greatest number of miles, was awarded to the League of Advertising Women of New York city, whose members traveled 25,491 miles in the aggregate.

One of the highlights of the closing session was a resolution introduced by Marquis Regan, of the New York Advertising Club, calling upon the associated clubs to bring to the attention of the ways and means committee of congress the danger confronting American industries and labor through the flooding of our home markets by competitive merchandise produced by cheap foreign labor.

**Based on Pamphlet.**  
Mr. Regan's resolution was based on the pamphlet "Wages in the United States and Foreign Countries," just issued by the ways and means committee. The resolution, which was first acted upon and adopted by the convention, read in part as follows:  
"Be it resolved, by the Associated Advertising Clubs of the World, That both American labor and industry should be protected against the dumping of foreign-made products upon the American market, and that every American valuation in assessing a valorem duty on imports; that such legislation be necessary as a result of the standards of employment and living, and will stabilize business during readjustment necessary as a result of the world war."

The following resolution was also adopted by the associated clubs Thursday afternoon:  
"Whereas, The Associated Advertising Clubs of the World have been significantly honored by the selection of one of their presidents, E. T. Merdith, as secretary of agriculture, and  
Whereas, They have been a second time honored by the selection of Henry Wallace, who is a member of the Associated Advertising Clubs of the World, for the same office, and  
Whereas, The national value of the department of agriculture can be greatly enhanced if the business world and the urban public are informed of the services it can render to these classes; now, therefore, be it resolved, That the Associated Advertising Clubs of the World, in convention assembled, this 16th day of June, 1921, recommend to the incoming administration the appointment of a representative of these clubs to give consideration to a plan of inaugurating a campaign of publicity and speaking to the end that every business man and every urban citizen shall know the services which the United States department of agriculture stands ready to render, and that a copy of this resolution be sent to the secretary of agriculture."

And it is true that occasionally a teacher is elected to be superintendent, and thereafter loses his feeling of fellowship with the other teachers, loses the common touch which is so important."

"But today we are considering one of our own number—and we are working on the basis that tomorrow it might be you, or me, who is cut off from work."

A special committee was appointed to investigate the charges against Miss Rindan's case to the board of education. The following teachers will ask for an early meeting of the board: Miss Mary Barker, author of the letter, chairman; C. E. Betts, L. O. Kimberley, Mrs. Jennie Bloodworth, Miss Adelle Steinheimer and Mrs. T. D. Albright.

**Text of Letter.**  
The text of the letter is as follows:  
To the Members of the Board of Education, Gentlemen: The Atlanta Public School Teachers' association is the professional organization of the teachers who are working in the city schools. As the servants of the public, charged with a great responsibility, we stand for and are earnestly seeking to obtain the most favorable con-

not the time come, I respectfully ask for you to do this.  
**Two Essentials.**  
"Surely you cannot expect the forty-eight members of the present league to scrap it and come into your association unless two things are perfectly clear:  
"First, that the new association is substantially as good as, or better than the existing league; and  
"Second, that this time a proposal of a president of the United States will have the permanent and overwhelming support of the American people."  
"You are a statesman of sufficient experience to know that our people will not support your association—no matter how excellent—without the fullest preliminary discussion. Events of the last two years have demonstrated this. You cannot, therefore, hope to get public opinion behind your association without taking your countrymen into your confidence."

**RAIN IN ATLANTA**  
**DROUTH BREAKER.**  
**SAYS FORECASTER.**

When Forecaster C. F. von Herrman Thursday morning measured the rain that fell at spasmodic intervals from early Wednesday afternoon to midnight, he found that 1.10 inches had been released on Atlanta—which he pronounced as a fairly good drowth breaker.

The observer sees no certain indications of further showers there locally, but the forecast for Georgia is for local rains, so if J. Pluvius misses Atlanta he will be busy breaking the backbones of drowth in other sections, and the weather man looks for his usual intermittent return to the city.

**Deep Concern in Welfare.**  
Everything that is necessary to provoke the physical, moral and intellectual welfare of our children is our deep concern. For this reason we are jealous of the character and professional qualifications and conduct of those who teach in our schools. We do not want in the instructor's chair one whose influence would be detrimental to the welfare of the children and youth for whom we are professionally responsible. We require a great deal of ourselves and expect society to require a great deal of us, we are also under obligations to see that the conditions under which we work are favorable to the cause to which we dedicate our efforts.

One of the things necessary for wholesome school conditions is that teachers should feel sure in their positions, as long as their work is satisfactory and their conduct correct.

**Cases for Dismissal.**  
We know that cases sometimes arise where a teacher should be dismissed, and we would be the last to seek the continuation of the services of the teacher whose presence in the schools would be a menace to our ideals and purposes. One of the objects of our organization, stated in section 2 of the first article of our constitution, is improved standards for the teaching profession, and to this end we would not only desire the elimination but would insist on the elimination from our body of any whose presence proved harmful to the cause that we represent.

But we wish to hold that a teacher should be dismissed only for cause, and that any teacher charged with incompetency or misconduct should be confronted by his accusers and given a fair opportunity to defend his qualifications or conduct as the case may be.

Could we ask for less? The law and traditions of our civilization for hundreds of years have demanded as much. The state demands a fair trial in the presence of the accused for even the lowest criminal.

**No Charges Made.**  
On last Friday Miss Julia Rindan, principal of the Davis Street school, was deprived of her position by your body acting in your official capacity in the election of teachers. The action was taken in executive session. No charges had been made against Miss Rindan, so far as she or her fellow teachers are informed.

No hearing was allowed her if there were any charges. She was given no opportunity to defend herself.

We feel that a great injustice has been done Miss Rindan. We feel that an injustice has been done the schools in that such action engenders a feeling of unrest and uncertainty among the body of the most detrimental to the morale of the teaching body.

We cannot but believe that the members of the board of education, upon reflecting, will serve with positive and we ask in the name of justice to this teacher, who has served the schools for twenty years, and for the sake of the schools themselves, that you give Miss Rindan a statement of charges and grant her a hearing as soon as possible, allowing her to place before you her side of the question or questions involved.

We ask that this meeting be an open one, permitting representatives of this association to be present. Respectfully yours,  
THE ATLANTA PUBLIC SCHOOL TEACHERS' ASSOCIATION

Mrs. T. C. Laurens, who bought it some years ago from the original owner, James Anderson. Some while back, the home burned and it is upon the same site that the new proprietors plan building.  
The Timmons' former home, at 173 Peachtree road, opposite Washington seminary, was traded for an apartment house on Juniper street to the firm of Hard & Adams, realtors, and later sold to R. L. Cooney, who expects to move in as quickly as the house can be redecorated. Mr. Timmons is an executive of the Crumley-Sharpe Hardware company.

**AT TECH PROTEST**  
**HOLDING OF FIGHT**

Protest against the Dempsey-Carpenter fight has been registered by 126 rehabilitation students at the Georgia School of Technology, who have sent petitions to Senators Harris and Watson and others in congress advocating the passage of the Gallivan bill, designated to prevent the fight now scheduled for the 24th at Jersey City, after the passage of the bonus bill.

The petition states that the sign-

ers do not wish to prohibit the fight, but merely to divert some of the large sums of money to be spent on the fight toward floating a loan to care for those who sacrificed themselves in a fight of another kind.

## The Fly Trap That Does the Work

ESPECIALLY GOOD FOR DAIRIES, APARTMENT HOUSES, HOSPITALS AND MARKETS

We have just received a very large shipment of the celebrated Curry Fly Traps. These traps are today being used all over the country by leading hospitals, milk dairies, hotels, grocery houses and many other lines of business. These traps are constructed in such a way that they make a clean sweep of all the flies in the neighborhood wherever they are being used. Naturally with the mid winter we have just passed through the creation of flies will be extremely large this summer. So, if you would put into action all the sanitary laws known to you, then by all means know the Curry Fly Trap. Price only \$3.00, but renders such service—where there are many flies—that they are worth the price in one day.

**Mrs. Stillman  
Intimate With  
Guide, Maid Says**

**Attempts Made to Prove  
Misconduct on Part of  
Banker's Wife.**

Poughkeepsie, N. Y., June 16.—Attempts to prove misconduct by Mrs. Anne U. Stillman in her relations with her servant and part in a guide, Fred Beauvais, were made today in the divorce case in which Mrs. Anne U. Stillman, New York banker.

Irene Kelly, a parlor maid, frequently saw Beauvais, at the Poughkeepsie estate, standing beside Mrs. Stillman's bed, playing the phonograph and reading to the banker's wife, according to a report of her testimony.

Mary Kelly, maid, declared Mrs. Stillman sometimes used to wear a plain band ring with the initials "F. B." engraved on the inside, it was said. Asked whether she had ever noticed her mistress with a wedding ring on her finger, the maid replied that Mrs. Stillman's wedding ring always had been in a jewel box on her bureau.

During her testimony it was said she told of having seen Beauvais' handwriting not only on letters, but within the moccasins worn by Guy Stillman, the infant son of Mrs. Stillman. Beauvais is the son of Mrs. Stillman. Incribed within one moccasin, it was said, she testified, were the words, "I hope Guy will always be good to his mother," and in the other, "I hope Guy will someday know his father."

**Nurse Testifies.**  
Margaret McDonough, the nurse of Alexander Stillman, a young boy testified, it was asserted, that on one occasion in 1919 Mrs. Stillman, Beauvais' daughter, and Miss Fegan, dwelt in the upper story of the "blue cottage," while Guy and his nurse slept below.

Early one morning Miss McDonough, according to a report of her testimony, was passing the bathroom and saw Mrs. Stillman come out of the door in her kimono and enter her own room. The nurse followed, and noticed that Mrs. Stillman's bed appeared not to have been slept in during the night. Then, it was said, she testified, that she walked down the corridor, looked into the adjoining room, which had been occupied by Beauvais, and observed that the bed had been slept in.

Irene Kelly, it was ascertained, had looked in Mrs. Stillman's handbag and had seen two letters which she testified, were the hands of Beauvais. She read them but could not recollect the contents.

On direct examination she told of seeing Beauvais carrying breakfast to Mrs. Stillman's room on several occasions. Cross examination was credited with bringing out that those who partook of these meals with Mrs. Stillman on more than one morning were James A. Stillman, Jr., her oldest son, and H. Phelps Clawson, friend of the Stillmans and son of a wealthy Buffalo manufacturer.

**Stillman Not There.**  
Mr. Stillman, it was asserted, the witness testified, never visited his estate before Christmas week in 1917 and the following March. Yesterday, witnesses said, the banker remained in New York through most of this period and that Mrs. Stillman, to whom Guy was born the following November, remained away from her husband's quarters, spending her time in Canada, Buffalo and upon the estate mentioned in today's proceedings.

## ENGLISH EXPOSE IRISH SMUGGLERS

**American Inventor of  
Guns for Sinn Fein Trying  
to Sell Patents to  
Great Britain.**

BY A. E. JOHNSON,  
United News Staff Correspondent.

London, June 16.—Confronted with the worst gun-running campaign in fifty years of Irish trouble, Great Britain's secret service and coastal patrol and confidential agents of the Irish office are co-operating with Scotland Yard men both here and in America to shut off this source of armament. Highly sensational developments are expected if the rebel agents do not quit trying to smuggle arms to the Sinn Fein army from America.

The British intelligence service professes that it has long been aware that a certain make of machine gunners being purchased by American Sinn Feiners, two consignments of 40 and 14 respectively are believed to have reached Ireland.

After a consultation officials here decided to expose the system by seizing a shipment in Hoboken, N. J., and to wait until the Irish coast, the object being to furnish the proof of the origin of the weapons.

The inventor of the gun, General Thompson, has been the ordnance arm of the United States army, is now in London and has been here for some time negotiating—almost successfully—to sell his patents to the British government.

Army gunners have made exhaustive tests of the weapon and approved it. Recommendations are being made to the British government to purchase the patents, but they probably will be cancelled, owing to the suspicion that persons concerned with the manufacture of the guns have been dealing with American Sinn Feiners.

Captured Sinn Fein documents which I have been permitted to view gave the British authorities their first clue to alleged smuggling of guns from the United States. Other documents disclosed that the Sinn Fein in question had been designated as the chief weapon of the Irish revolutionary army. Elaborate directions as to its operation were sent out, accompanied by foot notes signed by Richard Murphy, chief of staff of the Sinn Fein army.

The gun is a submachine gun, a United States army pistol shell which is said to be the ammunition most easily available. The gun itself is small and compact and ideal for guerrilla warfare against the police, as it can be carried under a man's raincoat. The magazines are so small that they can fit into a man's coat pockets.

British destroyers are constantly patrolling the Irish coast to catch gun runners and have already captured fairly large consignments of various sorts of weapons and ammunition which had been packed in bags and suitcases and thrown overboard attached to improvised marker buoys which enabled fishermen later to pick them up.

Officials here anticipate that the United States congress will make an official investigation and perhaps cause the discharge of some subordinate officials of the customs department as a result of disclosures which are expected to be made.

"We are expecting America to take care of her end of this matter," said an official of the Irish office. "That is why we tipped the situation and made it impossible for the Irish instead of waiting to seize the guns over here."

**SHRINE MEET ENDS  
WITH BIG BANQUET  
FOR GEORGIA MAN**

Des Moines, Iowa, June 16.—The forty-seventh annual convocation of the Ancient Arabic order, Nobles of the Mystic Shrine, ended tonight following a banquet given in honor of Ernest A. Cutts, of Savannah, Ga., the new imperial potentate. It is estimated that more than 90,000 Shriner were here during the three-day convocation.

The imperial council today granted charters for new Shrine temples to Pueblo, Colo., Wichita Falls, Texas and Amarillo, Texas. Dispositions were allowed Bangor, Me., Syracuse, N. Y., Miami, Fla., and Billings, Mont.

The council also adopted a resolution presented by Colonel W. B. Melish, of Cincinnati, past imperial potentate, "viewing with deep concern the continued persecution of Christians of the Near East."

ments upon which one of the letters had been accepted into the case as evidence.

## Robber Rifles Lawyer's Pockets, Then Steals Car

Auto thieves were busy again Thursday. Three automobiles were stolen during the earlier part of the night, one bold thief holding up the owner, rifling his pockets, and calmly riding away in the hand-some machine, while two others were taken from uptown districts.

A bicycle was stolen early in the afternoon while its owner was swimming at Grant park.

W. W. Visanska, prominent Atlanta lawyer, said he was parking his automobile in the rear of his home, at 340 North Jackson street, when he was confronted by a masked robber, who thrust a revolver in his face, systematically went through his pockets, taking about \$55 in cash, and a quaint, old-fashioned watch, after which he forced him to face the walls of the garage and drove the car off.

An automobile belonging to S. C. Dinkins, Jr., of the hardware firm of Dinkins & Davidson, parked on Luckie street while the owner was attending a theatre, and another automobile, the property of J. C. Holcombe, of Eakan Park, Ga., parked on Mitchell street, were stolen.

Henry Winder, a white boy, of 286 East Fair street, was whisked away by a masked robber, who took him to a garage in bathing at Grant park. He gave a good description of the machine to the police.

**MRS. B. G. WILLIAMS  
DIES AT HER HOME**

Mrs. Besie Greive Williams, 80 years old, died at her home, 200 West Peachtree street, Thursday evening at half past six o'clock.

Mrs. Williams, who was the widow of Captain W. A. Williams, a well known throughout Georgia, having been graduated from Lucy Cobb school, an active worker in the North Avenue Presbyterian church.

She is survived by three daughters, Mrs. David Ferguson, of Milledgeville, Misses Callie and Besie Williams; two sons, Peter P. and Henry Greive Williams; one sister, Mrs. Callie Greive Brown, and one brother, Henry Greive Williams.

Funeral services will be held at the home Friday afternoon at 4 o'clock.

**"ONE BIG UNION"  
PLAN REJECTED**

Continued from First Page.

over the question of further organization work among unskilled laborers when the committee on organizations recommended a demand of a resolution demanding assistance for the unskilled men. The resolution was finally sent back to the committee for redrafting. The committee's objection was based on the fact that the resolution was improperly worded and too general.

A resolution calling for organization of one big union and favoring the general strike as a weapon of labor unions was defeated without a dissenting vote.

On the appeal of Andrew Furuseth, picturesque president of the Marine Workers' union, the convention demanded that congress pass the resolution introduced by Senator LaFollette providing for an investigation into the marine workers' "lockout."

The labor delegates were assured by the Rev. G. S. Lackland, Denver pastor, that the younger element in the church pastors was fighting for the interests of labor.

Colonel John Barry, representing the American Legion, pleaded for closer co-operation between the legion and labor organization.

longing to the Chomsky Grocery company, 201 Peachtree street. The accident occurred in front of the child's residence. The negro driver, Rufus O'Neal, age 26, of 217 Love street, was arrested on a charge of reckless driving, and will be given a hearing before Recorder Johnson June 22.

The child was taken to the Pied-

## FIGHT PROMISED OVER TAX JOBS

will win out again, and friends of both say that the contest is going to be hard and close fought. Mr. Hancock is serving his second term of two years.

His opponent has held the position of chief oil inspector of Georgia for the past five years. He is also secretary of the city democratic executive committee.

Should he win over Mr. Hancock his retirement from his present place would bring about an interesting political situation at the capitol. Authority to appoint his successor would be in the hands of J. J. Brown, commissioner of agriculture.

Mr. Burton is serving his first term as assessor. He is offering for re-election on his record and is confident that he will come out

## ENGINEERS RATIFY PACT WITH BOARD

Washington, June 16.—The United States shipping board has reiterated its stand in favor of the open shop in promulgation of the first wage scale that formally ends the seamen's strike.

This wage scale, accompanied by a definition of working rules, has been agreed upon between the shipping board and the Marine Engineers' association. Announcement of the new scale, which is based on a 15 per cent wage reduction and the abolition of overtime, formally ends the strike, which has been in effect since May 1.

The agreement applied, however, only to shipping board vessels, private owners having declined to approve an understanding with the unions. The settlement is not in the form of a signed agreement, but merely a scale which has been deposited with the department of labor, and which the engineers informed in a letter to Secretary Davis.

In promulgating the scale, A. D. Lasker, chairman of the board, issued a general order protecting non-union men who worked during the strike. These men will be retained, under the order, creating a situation whereby union and non-union engineers may find themselves working on the same boat.

The new scale became effective as of June 14 and will continue until December 31.

Another agreement, based on the 15 per cent cut, has been concluded with the radio operators. Negotiations to be held Friday with representatives of the seamen, firemen

and cooks are expected to result in similar agreements.

Shipping board labor disputes in the future will be in charge of T. V. O'Connor, who was elected vice chairman of the board at a meeting Thursday.

In declining to agree with the unions on the shipping board scale, the private owners, it is learned, proposed organizing their own associations of employees and dealing directly with them. The shipping board refused to indorse such a policy.

Under the new scale, vessels are divided into five classes, according to their tonnage. Chief engineers on class A vessels receive \$330 a month; those on class B boats \$260, with wages proportionately less for assistant engineers.

## MRS. C. MULKEY WEST DIES IN SANATORIUM

Mrs. C. Mulkey West, well-known Atlanta woman and wife of a prominent Atlanta physician, died at a private sanatorium Thursday evening in her 26th year. She is survived by her husband, one little son, Edward Michael; her parents, Mr. and Mrs. Edward H. McMichael, of Buena Vista, Ga.; two sisters, Miss Merrill McMichael, of Buena Vista, Ga., and Mrs. Harry Schmeisser, and two brothers, Edward H. McMichael, Jr., and William Stewart McMichael. The body was taken to the chapel of H. M. Patterson & Son pending the making of funeral arrangements.

## MODEL PHARMACY LAW WILL BE CONSIDERED

With a prospect of gaining federal recognition for Georgia drug dealers, the subject of a model pharmacy law will be considered at the convention of the Georgia Pharmaceutical association, to be held in Atlanta, July 6 and 7, as announced by T. A. Chatham, secretary.

## INCREASE VOTED IN L. & N. STOCK

New York, June 16.—Directors of the Louisville and Nashville Railroad company today voted that the stock of the company be increased from \$72,000,000 to \$125,000,000. It also was decided to issue to stockholders a stock dividend of as much as three million dollars as the interstate commerce commission might authorize.

The stockholders are to meet July 23 to act on the directors' recommendations. In announcing the proposed stock increase and stock dividend, the directors said that the company has a surplus of \$32,000,000 which might have been distributed in dividends.

The decision to issue new stock instead of bonds was made, the directors added, because they believed that the bonded debt of the road should not exceed three times the amount of outstanding stock.

## O'CONNOR NAMED VICE CHAIRMAN SHIPPING BOARD

Washington, June 16.—The new shipping board organized today and elected T. V. O'Connor, of Buffalo, N. Y., vice chairman. A. D. Lasker, of Chicago, is chairman. O'Connor, who is a former president of the International Longshoremen's union, will have charge of the labor affairs of the board. President Harding will receive the members tomorrow and discuss policies with them.

## FOUR PERSONS KILLED AS BRIDGE COLLAPSES

Omaha, Neb., June 16.—Four persons were killed, thirty-four injured, seriously, when Chicago and Northwestern train No. 605 from Lander, Wyo., to Omaha, was wrecked late last night by the collapse of a bridge over Big Cottonwood creek near Whitney and Neb.

The dead are: Frank Bosner, Lander; F. M. Stevens, Gordon; R. C. Scott, baggage man, Chadron, Neb.; and C. M. Buck, Grand Island, Nebraska.

The injured were taken in a special train to a hospital in Hot Springs, S. D.

Wrecking crews were sent from Casper, Wyo., and Chadron, Neb., to the scene. The engine, which was the engine of the train left it, and three cars, the mail, baggage and express cars, fell into the creek bank. The bridge was weakened by a cloudburst.

Trained men said there was no sign of the cloudburst at 8:30 p. m., when a westbound train was in the woods condition, but as this engine neared the east end of the structure sagged. The engine apparently was in woods condition, but ran six hundred feet on the ties. The sleeper is the only car remaining.

The bodies of the dead were removed to Chadron.

## MASONS TO GATHER IN MILLEDGEVILLE FOR 1922 MEETING

Crawfordville, Ga., June 16.—(Special.)—Milledgeville will be the scene of the 1922 convention of the United Order of the Sons of the Nile, which is being held here today. An interesting feature of the convention was the laying of the cornerstone of the new Masonic temple being erected here. Following the ceremony of laying the cornerstone, which was done in the afternoon, Grand Master Charles D. Bass made an address on Masonry.

The convention was called to order by the worshipful master of the Crawfordville lodge, Robert R. Gunn, and a business session was first held. The public address was held in the court room. A. G. Golke making the address of welcome and the grand master, Charles D. Bass, delivering the principal address. There were a hundred and seventy-three delegates to register and a large audience present to hear the address of the grand master.

The entire convention was served a barbecue dinner on the courthouse square. W. Y. Edwards, an expert in preparing meats for such occasions, having charge of the cooking.

The cornerstone of the new temple was laid with the usual ceremonies in the afternoon, after which work was done in the third degree.

## RATING MANAGER CROSS-EXAMINED ABOUT INSURANCE

Jackson, Miss., June 16.—Cross-examination of Major A. A. Weille, general manager of the Mississippi Inspection and Advisory Rating company, was the feature today at the hearing of the three and one-half billion dollar anti-trust suit of State Revenue Agent Stokes V. Robertson against the 129 insurance companies formerly doing business in this state.

The cross-examination covered practically the entire history of the Mississippi Inspection and Advisory Rating company since it succeeded the Southeastern Tariff association of Atlanta in this state.

The witness stated that before launching the company he secured the approval of Insurance Commissioner W. C. Cole, and also an opinion from the attorney-general's office, in which it was held that the company was not in violation of the law. A charter for the organization was also approved by the attorney-general and the governor.

Relative to the advisory rating sheets, Major Weille testified that there has been no agreement, written or otherwise, making it compulsory for local underwriters to use these rates; that his company merely sells information, based on investigations of its agents, showing the rates necessary to keep the insurance business on a sound basis. In fact, he said, it is specifically understood and agreed between the company and local underwriters that use of the tariff sheets is not compulsory.

Major Weille's testimony occupied a considerable portion of the day. The remainder of the sitting was devoted to reading depositions into the hearing.

## R. O. T. C. STUDENTS AT CAMP HENRY FOR ARMY WORK

Camp Henry, Knox, Ky., June 16.—Upward of 2,000 R. O. T. C. students from the fourth and fifth army corps area, comprising the states of Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Indiana, Kentucky, West Virginia, and Tennessee, are assembling here today for a six weeks course of intensive training as a part of the United States infantry reserve officers' school.

The vanguard of approximately eleven hundred reserve officers from various parts of the country has arrived for the six weeks course for field artillery men. The two camps will be conducted from June 16 until July 27.

## JULY 18 DATE SET FOR JONES' HANGING

Hattiesburg, Miss., June 16.—After forty-five minutes deliberation the jury in the case of Casey E. Jones, charged with the murder of Mrs. J. S. Mosley, today returned a verdict of guilty. Judge R. S. Hall sentenced Jones to be hanged July 18.

Mrs. Mosley, wife of a mail carrier, was attacked in her home, several weeks ago, dying from injuries from a mob. Several mob demonstrations were made against Jones, one being checked by a minister.

## CONGRESSMAN MASON, OF ILLINOIS, DEAD

Washington, June 16.—Representative W. B. Mason, of Illinois, died here early today of heart trouble. Although Representative Mason has been suffering from a heart attack for several days, his condition yesterday was reported as showing improvement, and death came unexpectedly after a sudden relapse. The Illinois representative was 71 years old and formerly was a member of the senate.

## SALE OF FIREARMS MUST BE REPORTED

Savannah, Ga., June 16.—(Special.)—Under terms of an ordinance adopted Wednesday afternoon by city council, all local dealers in firearms must make a report to the police department of sale of pistols and similar weapons, the name of the purchaser, the number, make and caliber of the gun and other details.

Beulah Heights Meeting.

Dr. Andrew L. Fraser, of Chicago, and Mr. and Mrs. Keene, of Cleveland, will be the principal visitors to assist in conducting the Beulah Heights camp, which commenced Thursday and will continue until June 26. Services are being held in a tent on the Soldiers' Home car line.

## Dry Forces Move To Erase Oases In Great Desert

Urge Quick Action on Volstead Supplemental Bill, Now in Committee.

BY CLARK HOWELL, JR., Constitution Bureau, Raleigh Hotel.

Washington, June 16.—(By Constitution Leased Wire.)—Resolved to stop every leak in the nation's whisky barrel and effectively dry up the occasional oasis which has appeared under the national prohibition act, dry leaders of the house are circulating a resolution urging upon the rules committee of that body the necessity for immediate action upon the Volstead bill, which supplements the national act so as to cover some of its deficiencies.

Those active in the interest of the Volstead supplemental measure are hopeful that the rules committee will provide an immediate place for it upon the calendar. Prior to this time, the committee has been markedly slow in caring for the measure and in the words of one of the representatives, "the drys began to feel that the committee was not as 'dry' as the rest of the house."

Supporters of the bill feel that it will be passed and that its enactment will make the temperance country as dry as the Sahara desert. Certain it is that temperance leaders are watching every loop hole for getting around the prohibition act and as they are found remedial legislation is proposed.

One of the favorite methods to secure the wherewithal for slacking one's thirst is by securing a physician's certificate that the beverage is necessary for medicinal purposes. Under the terms of the new bill doctors who have given up their practice in order to devote their full time to writing liquor prescriptions will have to return to the administering of old-fashioned medicines. The proposed legislation provides that only apothecaries

shall prescribe, nor shall any person sell or furnish on any prescription, any vinous liquor that contains more than 24 per cent of alcohol, nor shall anyone prescribe or sell or furnish on any prescription more than one-fourth of one gallon of vinous liquor, or any liquor that contains more than one-half pint of alcohol, for use by any person within any period of ten days.

No physician shall be furnished with more than one hundred prescription blanks for use in any period of ninety days, nor shall any physician issue more than that number of prescriptions within any such period unless on application therefor he shall make it clearly apparent to the commission that for some extraordinary reason a larger number is necessary, whereupon the necessary additional blanks may be furnished him.

No intoxicating liquor shall be imported into the United States nor shall any permit be granted authorizing the manufacture of any vinous or spirituous liquor, save alcohol until the amount of such liquor now in distilleries or other bonded warehouses shall have been reduced to a quantity that in the opinion of

the commission will, with liquor that may thereafter be manufactured, be sufficient to supply the current need thereafter for all non-beverage uses.

## DISCUSSES PROBLEM OF COUNTRY CHURCH

BY DR. THOMAS M. ELLIOTT.  
The chief question for consideration at the Methodist ministers' institute at Emory university Wednesday pertained to religious education and the problem of the country church, as discussed, respectively, by Dr. E. B. Chappell of Nashville, and Dr. W. F. Dunkle, of Tampa.

These same questions will be considered at the institute today and Friday.

Dr. Chappell argued that the spirit of independence is now more manifest among nations as well as individuals, and declared that nations must rise or sink together, in America, he said, the situation is intensified by our war inheritance, wherein millions of boys have been sprung up in our midst with a distinct lowering of our moral life, especially among the young people.

Dr. Chappell declared himself to be optimistic as to the future, for he believed the church of God to be awake to the situation and willing to undertake the solution of the complex problems in a co-operative spirit of mutual understanding. He declared his belief that all the difficulties now facing the church can be overcome in the renewing of the spiritual ideals and the life of the church.

In his lecture on the problem of the country church, Dr. Dunkle asserted his conviction that the country had never awakened to the fact that there is a country problem, as well as one of the rural church. He stated the country problem to be one in which it is found necessary to keep on the farms a sufficient number of people to produce enough food for ourselves and to help feed the world. He thought the drift to the cities, especially among the young, has much to do with the costs of living today.

To develop those on the farms intellectually, socially and economically, to be representative American citizens, he asserted, is the big country problem at this time.

The community church problem, he stated, is to so spiritualize the whole community as to make it a segment of the kingdom of God on earth. To achieve this, he argued, that the church must seek out the men for this task, through the principle of the selective trade, train such men and place them in the rural sections and let them remain there permanently.

The institute at Emory university will continue through Friday.

## FIGHT TO BE MADE TO RETAIN SERVICE OF H. & F. S. ROAD

Camilla, Ga., June 16.—(Special.) Patrons all along the line of the H. & F. S. railroad from Hawkinsville to Camilla, are endeavoring to prevent the proposed dismantling of the road. A representative of each county through which the road passes has been named to look after the interests of the people living along the route and fight against its abandonment.

The representatives of the several counties met in a session Monday and B. G. Giam, secretary of the Macon Chamber of Commerce, was selected to direct the campaign for the co-ordinating bodies and units opposing the plan to dismantle. He was given full authority to assemble the county representatives whenever he thought it necessary.

## STATE PREPARING WILLIAMS BRIEF FOR HIGH COURT

Assistant Attorney-General Graham Wright is preparing a brief to be filed with the supreme court in the appeal case of John S. Williams, which was heard by that court Monday, June 20.

The appeal by Attorney Greene Johnson is based on the ground that the verdict was contrary to the law and evidence; that the courts erred in admitting evidence of other crimes, in that they were separate and independent crimes, while being part of the same transaction for which Williams was then on trial, the jury against the defendant.

In the brief of the state the position will be taken that the jury did not err in admitting evidence of other crimes alleged to have been committed by Williams, since they were all the part of a general conspiracy, nor did the court err in any other respect in the trial of the case.

There is a more or less general understanding that if the supreme court sustains the lower court in this case, efforts will be made to simply pigeon hole the other objections against Williams for the series of "murder farm" killings and let him enter upon life service in the penitentiary.

## REQUEST STANDARD WEIGHTS FOR FOOD

A plan to standardize the weighing of vegetables instead of measuring them is requested in a resolution adopted by the Atlanta Retail Food Dealers' association, calling on the mayor and general council to have the weights and measures department take the necessary steps to bring about uniformity in weighing vegetables offered for sale in Atlanta, rather than measuring them. The resolution is expected to be introduced at the council meeting next Monday afternoon.

## Negro Convict Escapes

Joe Jones, negro, aged 17, escaped late yesterday afternoon from the Fulton county chain-gang while working on the roads near Hapeville. Jones was a trusty and was acting as water boy. He was last seen going for some water. His height was five feet nine inches, and his weight 140 pounds.

## Genuine Orange Blossom Wedding Rings

June brides and genuine Orange Blossom Wedding Rings seem to find each other.

The reason is plain—the genuine Orange Blossom is the finest wedding ring made, and it costs no more than many inferior ones. The wedding ring is the one article of adornment which must wear a lifetime. Hence the best is none too good.

For this reason, genuine Orange Blossom wedding rings are chosen by particular people.

The name and design are both fully protected by patents.

We are headquarters for genuine Orange Blossom Wedding Rings in 18K gold, Platinum overlay, all-Platinum and jeweled.

## SENATE'S PACKER BILL DEFEATED

Washington, June 16.—Another attempt on the part of the senate agriculture committee to substitute its packer control bill for the measure passed by the house, expected Friday.

A committee amendment, which would have accomplished what was defeated in the senate late Thursday by a vote of 34 to 37, this eliminated the senate measure in the "committee of the whole," but another vote may be had in the senate in regular session.

Advocates of the senate bill contended the measure of the lower chamber would not accomplish real regulation of the packing industry. The senate would put the regulation under direction of a commissioner, named by the president and confirmed by the senate, but working under the secretary of agriculture, whereas the house bill would simply put the regulation in charge of the secretary. Senator Norris, chairman of the committee on agriculture, and other proponents of the senate bill, expressed doubt that it would prevail.

A final vote is expected Friday with the certainty that some sort of a measure will be adopted. The senate was to have voted Thursday, but out of respect to the memory of Representative Mason, of Illinois, who died Thursday, adjourned without completing action.

Senator Kenyon of Iowa, in a speech on the bill, charged that "big business has seized on the republicanism of the government to make business and more business in government an excuse for trying to control the United States government."

Kenyon asserted that the big interests, lumber, steel, coal, are trying to destroy the federal trade commission as one part of their program, and that they are seeking to extend their control through the tariff bill which is now being drawn.

He asserted, is the big country problem at this time.

The community church problem, he stated, is to so spiritualize the whole community as to make it a segment of the kingdom of God on earth. To achieve this, he argued, that the church must seek out the men for this task, through the principle of the selective trade, train such men and place them in the rural sections and let them remain there permanently.

The institute at Emory university will continue through Friday.

The representatives of the several counties met in a session Monday and B. G. Giam, secretary of the Macon Chamber of Commerce, was selected to direct the campaign for the co-ordinating bodies and units opposing the plan to dismantle. He was given full authority to assemble the county representatives whenever he thought it necessary.

## STATE PREPARING WILLIAMS BRIEF FOR HIGH COURT

Assistant Attorney-General Graham Wright is preparing a brief to be filed with the supreme court in the appeal case of John S. Williams, which was heard by that court Monday, June 20.

The appeal by Attorney Greene Johnson is based on the ground that the verdict was contrary to the law and evidence; that the courts erred in admitting evidence of other crimes, in that they were separate and independent crimes, while being part of the same transaction for which Williams was then on trial, the jury against the defendant.

In the brief of the state the position will be taken that the jury did not err in admitting evidence of other crimes alleged to have been committed by Williams, since they were all the part of a general conspiracy, nor did the court err in any other respect in the trial of the case.

There is a more or less general understanding that if the supreme court sustains the lower court in this case, efforts will be made to simply pigeon hole the other objections against Williams for the series of "murder farm" killings and let him enter upon life service in the penitentiary.

## REQUEST STANDARD WEIGHTS FOR FOOD

## Life of Congressman Far From Bed of Roses

BY CLARK HOWELL, JR.  
Constitution Bureau, Raleigh Hotel.

Washington, June 16.—(By Constitution Leased Wire).—As is the way of the transgressor, also the life of a congressman is hard.

Those who imagine that being a congressman merely involves the drawing of \$425 per month and a life of ease and comfort are advised to spend a week or so in Washington before deciding to make the race to represent their district in the nation's capitol.

In the first place, the term of office is only for two years and there is not one representative out of ten who doesn't have to start campaigning for his next election before he has had time to fairly catch his breath and pay up the expenses for the campaign just closed.

"Then there's his mail, a formidable batch every day from constituents wanting everything from garden seed to a cabinet appointment 'for my boy Jim.' The pros on any legislative matter want assurances that he will give the particular bill in which they are interested his undivided support, while the anti-interesters let it be known that 'you needn't look to us for support next year if you vote for that iniquitous measure.'"

And don't forget the visitors. They're on hand every day in the capitol building, and they are seeking to extend their control through the tariff bill which is now being drawn.

He asserted, is the big country problem at this time.

The community church problem, he stated, is to so spiritualize the whole community as to make it a segment of the kingdom of God on earth. To achieve this, he argued, that the church must seek out the men for this task, through the principle of the selective trade, train such men and place them in the rural sections and let them remain there permanently.

The institute at Emory university will continue through Friday.

The representatives of the several counties met in a session Monday and B. G. Giam, secretary of the Macon Chamber of Commerce, was selected to direct the campaign for the co-ordinating bodies and units opposing the plan to dismantle. He was given full authority to assemble the county representatives whenever he thought it necessary.

Giam, secretary of the Macon Chamber of Commerce, was selected to direct the campaign for the co-ordinating bodies and units opposing the plan to dismantle. He was given full authority to assemble the county representatives whenever he thought it necessary.

## STATE PREPARING WILLIAMS BRIEF FOR HIGH COURT

Assistant Attorney-General Graham Wright is preparing a brief to be filed with the supreme court in the appeal case of John S. Williams, which was heard by that court Monday, June 20.

The appeal by Attorney Greene Johnson is based on the ground that the verdict was contrary to the law and evidence; that the courts erred in admitting evidence of other crimes, in that they were separate and independent crimes, while being part of the same transaction for which Williams was then on trial, the jury against the defendant.

In the brief of the state the position will be taken that the jury did not err in admitting evidence of other crimes alleged to have been committed by Williams, since they were all the part of a general conspiracy, nor did the court err in any other respect in the trial of the case.

There is a more or less general understanding that if the supreme court sustains the lower court in this case, efforts will be made to simply pigeon hole the other objections against Williams for the series of "murder farm" killings and let him enter upon life service in the penitentiary.

## REQUEST STANDARD WEIGHTS FOR FOOD

A plan to standardize the weighing of vegetables instead of measuring them is requested in a resolution adopted by the Atlanta Retail Food Dealers' association, calling on the mayor and general council to have the weights and measures department take the necessary steps to bring about uniformity in weighing vegetables offered for sale in Atlanta, rather than measuring them. The resolution is expected to be introduced at the council meeting next Monday afternoon.

## Negro Convict Escapes

Joe Jones, negro, aged 17, escaped late yesterday afternoon from the Fulton county chain-gang while working on the roads near Hapeville. Jones was a trusty and was acting as water boy. He was last seen going for some water. His height was five feet nine inches, and his weight 140 pounds.

## Genuine Orange Blossom Wedding Rings

June brides and genuine Orange Blossom Wedding Rings seem to find each other.

The reason is plain—the genuine Orange Blossom is the finest wedding ring made, and it costs no more than many inferior ones. The wedding ring is the one article of adornment which must wear a lifetime. Hence the best is none too good.

For this reason, genuine Orange Blossom wedding rings are chosen by particular people.

The name and design are both fully protected by patents.

We are headquarters for genuine Orange Blossom Wedding Rings in 18K gold, Platinum overlay, all-Platinum and jeweled.

Write for twenty-sixth annual catalogue.

## COTTON EXPORTS INCREASE IN MAY

Washington, June 16.—Exports of grain and flour fell off heavily during May as compared with the same month last year, while cotton exports rose sharply, according to figures issued tonight by the commerce department.

Grain and flour exported during May aggregated \$63,000,000 against one hundred million dollars in May a year ago, while for the eleven months ended with May the total was one billion dollars compared with seven hundred and twenty million dollars for the corresponding period of 1920.

Cotton exports for the month amounted to 477,000 bales, valued at thirty million dollars, as against 284,000 bales worth seventy-seven million dollars. For the eleven months period the total was five million bales worth fifty-one million dollars as compared with seven million bales, valued at one billion dollars during the eleven months ended May, 1920.

Cotton seed oil exports for May were valued at one million dollars, or one-half the figure for the same month last year, but the total for the eleven months ended with May amounted to twenty-two million dollars as against fifty-one million dollars for the corresponding period of last year.

Whether it's the heat or just the interest in cotton, Washington seems to be afflicted with a sort of inertia. J. B. Hockaday, president of the Washington Cotton Exchange, said that he has been here on business connected with his work in Washington, and he has formulated a motto which he says all Washingtonians, either by nativity or conviction, soon learn to follow implicitly.

"Don't ever do today that which can be done tomorrow," he said, "and don't do it all if it can possibly be avoided." Is Mr. Hockaday's theory correct?

Many a visitor who came to spend the day in Washington to transact business, when old Sol, the porter, told him of the rest of his wardrobe before he ever got to the city.

Washington, June 16.—Conferees between the senate and house on the naval appropriation bills ended today in a deadlock and the \$49,000,000 bill with the Borah disarmament conference amendment was taken back to the house for action.

The conferees agreed to await such action by the house.

Representative Kelley, republican, Michigan, chairman of the house managers, said there was no use to hold further conferences and his announcement ended the conference, which have continued for several days.

The Borah disarmament rider was not reached by the conferees. The immediate disputes which broke up the conference being over senate amendments providing for a personnel of 120,000 men in the navy, an increase of 20,000 over the house provisions and entailing appropriation increases of around \$40,000,000. The house conferees also took back to the house numerous senate amendments for Pacific coast naval base projects.

The deadlock followed a similar situation yesterday over the army appropriation bill. This leaves both military appropriation bills with funds needed by July 1, again before the house.

## BYROMVILLE NEGRO IS FOUND GUILTY IN MURDER TRIAL

Vienna, Ga., June 16.—Causery Chapman, son of Fate Chapman, oldest of the alleged ring-leaders in the racial clash at Byromville on May 17, was found guilty in the superior court this afternoon on a charge of murder in connection with the death of L. C. Davis, Jr., a member of a deputized posse who was killed during the fighting.

The evidence against Chapman was similar to that introduced against two other negroes found guilty. The jury deliberated about an hour before arriving at a verdict.

Fred Lewis, Luke West, Buddy Wall and J. T. Davis were placed on trial jointly this afternoon.

**ESCAPING ROBBER REPORTED CAUGHT**  
Centralla, Wash., June 16.—Roy Gardner, fugitive mail robber, was captured here today. Gardner escaped from federal officers at Castle Rock last Saturday while being taken to the penitentiary at McNeil's Island, Wash. The other prisoner who escaped with Gardner had been recaptured previously.

## Albany Man Promoted.

Albany, Ga., June 16.—(Special.) Dr. H. H. Stoney, a former Albany physician, who served overseas in the army during the world war, was promoted to the rank of colonel. He is in command of Whipple barracks, at Prescott, Ariz., a hospital for tubercular ex-service men.

## Is Elected President.

New York, June 16.—George R. Loyall, former director of operation of the Southern Railway system, today was elected president of the Norfolk Southern railway.

## NINE DEAD, FOLLOWING CROSSING ACCIDENT

Perth Amboy, N. J., June 16.—The death toll today reached nine in the accident which occurred at a grade crossing here yesterday when a fire truck collided with a railroad train. Seven firemen were killed outright and this morning Victor Janderup, and John E. Mowbray, other firemen, succumbed to injuries.

## Byromville Negro Is Found Guilty in Murder Trial

Vienna, Ga., June 16.—Causery Chapman, son of Fate Chapman, oldest of the alleged ring-leaders in the racial clash at Byromville on May 17, was found guilty in the superior court this afternoon on a charge of murder in connection with the death of L. C. Davis, Jr., a member of a deputized posse who was killed during the fighting.

New York, June 16.—George R. Loyall, former director of operation of the Southern Railway system, today was elected president of the Norfolk Southern railway.

## Former Wearers Of University 'G' Form Association

Athens, Ga., June 16.—(Special.) One hundred and thirty-six men who have won the crimson "G" at the University of Georgia, on Tuesday organized themselves into the national association of "G" men at their first annual banquet at the Georgian hotel.

The "G" men elected Hutton Lovejoy, of LaGrange, as their president; George Woodruff, of Columbus, vice president, and Hugh Gordon, of Athens, treasurer.

They have organized to do their part in the war memorial campaign for \$1,000,000, which starts October 1, and is to be completed November 11, Armistice day.

At the conclusion of their banquet they pledged Harry Hodgson, campaign chairman, to lead the "G" men in the campaign over with the same vigorous spirit that they showed on the football gridiron, track, and baseball diamond in times past.

The "G" men will hold a reunion November 5, when it is hoped to have several hundred additional men back to Athens. Dr. S. V. Sanford, who planned the Alumni day reunion of men, will send out the call to round up the athletes for the November meeting. On November 5, the football star who was killed in a game with Virginia in the late nineties, will be unveiled. It was planned that the football hero of one institution which is put up by the men of Georgia, the University of Virginia men stated the Von Gammon memorial and gave the first \$500 toward its cost.

## Navy Money Bill Is Back in House After Deadlock

Washington, June 16.—Conferees between the senate and house on the naval appropriation bills ended today in a deadlock and the \$49,000,000 bill with the Borah disarmament conference amendment was taken back to the house for action.

The conferees agreed to await such action by the house.

Representative Kelley, republican, Michigan, chairman of the house managers, said there was no use to hold further conferences and his announcement ended the conference, which have continued for several days.

The Borah disarmament rider was not reached by the conferees. ## INDUSTRIAL AD CONFERENCE PLAN IS STARTED HERE

A movement was started at the convention here of the Associated Advertising clubs for the establishment of a conference on industrial advertising at future conventions. Keith J. Evans, of Joseph T. Ryerson & Son, Chicago, and several others with similar advertising problems, have advocated such a conference for some time, and during the present convention, the idea has taken definite form.

After conference with several advertising managers of firms interested in the distribution of goods from industry to industry Mr. Evans called an informal conference dur-

ing the Atlanta convention, to organize the movement.

The main interest of present departmentals and conference of the advertising convention, he showed, have to do with the problem of moving goods from manufacturer to dealer to consumer, while there are scores of important firms solely interested in industry to industry distribution.

The "G" men elected Hutton Lovejoy, of LaGrange, as their president; George Woodruff, of Columbus, vice president, and Hugh Gordon, of Athens, treasurer.

They have organized to do their part in the war memorial campaign for \$1,000,000, which starts October 1, and is to be completed November 11, Armistice day.

At the conclusion of their banquet they pledged Harry Hodgson, campaign chairman, to lead the "G" men in the campaign over with the same vigorous spirit that they showed on the football gridiron, track, and baseball diamond in times past.

It was planned that the football hero of one institution which is put up by the men of Georgia, the University of Virginia men stated the Von Gammon memorial and gave the first \$500 toward its cost.

The conferees agreed to await such action by the house.

Representative Kelley, republican, Michigan, chairman of the house managers, said there was no use to hold further conferences and his announcement ended the conference, which have continued for several days.

# Stock Exchange After Those Profiting by Liquidation

BY R. L. BARNUM

New York, June 16.—Everybody in Wall street knows that the liquidation in the stock market of the past six weeks has been due to fundamentals, that is, "frozen" credits on foreign and domestic commercial business. Everybody also knows that professional traders have made the most of this situation by selling the stock market short. Everybody also knows that leadership on the bear side belongs to the most successful trader since "Barney" Harch deserted Wall street for war work. Everybody also knows that this successful trader, who is now the acknowledged leader of the active bear party, makes his headquarters with a well-known stock exchange firm in good standing, having its offices on Broadway.

Everybody also knows that some of the biggest men and the hardest fighters in Wall street are heavily interested in tobacco stocks, men like Thomas Ryan and James B. Duke. Today after a sudden break of five points or more in American Tobacco, Tobacco Products, Retail Stores and American Sumatra, rumors were quietly circulated in the back offices of certain banking and stock exchange firms to the effect that steps were to be taken to check the activities of the successful trader in question who is the acknowledged leader of the active bear party now operating in the stock market.

## Exchange Powerful.

There is no end of power that the stock exchange has to get at any individual who might be doing anything considered detrimental to the best interests of the stock market or financial or industrial situation as a whole. If told by the committee of the stock exchange on business conduct not to execute selling orders for any named individual, a stock exchange firm would either have to obey or take the consequences, which might be suspension for a fixed period or expulsion for all time. Allan A. Ryan, it will be recalled, got the expulsion verdict for operating his corner in Stutz and then defying the stock exchange.

Directors of the Hocking Valley held their regular monthly meeting today, but took no action on the dividend which a month ago was deferred. Chesapeake & Ohio hold their monthly meeting tomorrow and doubtless that dividend will again be deferred. Both properties are controlled by the same interests.

Action of the Northern Pacific directors yesterday confirmed the old saying that the ticker tells the truth. Between Friday of last week and Tuesday of this week Northern Pacific declined from 67 to 61 1/4. Yesterday's closing at 61 1/4 was a record for the stock. Other words before the announcement was made at 3:45 yesterday that the regular 1-3-4 dividend had been declared, all of the decline in expectation of a 1-1-4 per cent dividend being declared had been made up.

The banks here are now getting 6 1/2 per cent on commercial paper, and borrowing from the federal reserve at 6 per cent. Therefore, the real benefit of a decline to 6 per cent in the discount rate, going to the banks and not the business, is more or less a difference in favor of the banks encourages them to keep on borrowing from the federal reserve bank instead of paying off their loans to that institution.

## Street Disappointed.

Wall street was greatly disappointed in the balloting of the English coal strikers that came during the day in installments covering different districts. It had been confidently predicted in financial circles both here and at London that the strike would end. Sterling started a sensational drop when the votes began to come in. According to London cables the May output of the British steel mills was only 574,746 tons against 846,000 for the same period last year. Other industries have suffered accordingly.

Louisville had a sudden advance of 4 1/2 points on rumors that the directors were about to declare an extra dividend in stock. Atlantic Coast Line declared its regular semi-annual dividend of 3 1/2 per cent. These properties are to be consolidated and there will be a stock dividend.

Mexican Petroleum made another new low record for the year today.

## Oil Down Again.

Pennsylvania crude oil cut 25 cents a barrel today, this time to \$2.50. By reducing selling prices daily the oil and sugar trade will certainly find the bottom at which buying will begin.

Much interest was displayed in the dividend meeting of Bosch Magneto, at which payments on the common stock were passed. Three months ago the quarterly rate was cut from \$2.50 to \$1.25. President Murray points out that the company will likely close the first half of 1921 a little better than even; that quick net assets, arrived at by deducting current liabilities, including \$2,500,000 15-year notes, from current assets, are now equal to \$35 a share on the common stock; that total assets were equal to \$80 a share on the common stock; that unfilled orders now on the books were over \$8,000,000, a large part of which were being held up pending a resumption in general business.

An increase of 18,917 in the number of cars loaded with revenue freight for the week ending May 28, compared with the previous week, was reported today by the American Railway association, the total for the week was 787,237, which was 110,970 under the same week of last year, but 22,476 ahead of the same week in 1919. The low weekly point this year was made as of February 29, at 658,222 cars. From January 1 to May 28 the number of loaded cars was 14,860,634, against 17,051,252 for the same period of last year.

## Notes Oversubscribed.

Treasurer Mellon states that the preliminary report on the subscriptions received for the offering of \$500,000,000 1- and 3-year notes foots up \$750,000,000. He says that subscriptions were about equal between the two issues, and that allotments of the combined offering may exceed \$500,000,000.

Announcement by the New York Federal Reserve bank that its discount rate on commercial paper had been reduced from 6 1/2 to 6 was forecasted by Washington dispatches a week or more ago. Chicago, Minneapolis and Dallas, the other banks now on a 6 1/2 per cent basis, are expected to cut to 6 in the very near future. With the stock market for weeks past reflecting forced bank liquidation, and with the government paying as much as 5 1/2 per cent for 3-year money, the general feeling here is that the cut in New York's discount rate just announced resulted from pressure of the administration, which is doing everything in its power to bring about a revival in general trade.

# Cotton Prices Take Drop On News Developments

October Closes at 12.47, With General Market Closing Steady at a Net Decline of 35 to 43 Points.

There is a considerable short interest in the cotton market today, and the market is expected to advance rapidly. The feature of the market is the quiet buying of cotton by the mills, which is expected to continue for some time. The market is expected to advance rapidly, and the feature of the market is the quiet buying of cotton by the mills, which is expected to continue for some time.

## CHINA ASKS U.S. RECOGNITION

Washington, June 16.—Dr. Sun Yat-sen, president of the southern Chinese republic, has addressed a personal appeal to President Harding for recognition of his government by the United States. "China is now in the most critical time of her existence," said Dr. Sun's appeal. "Whether democracy triumphs or falls much depends on the decision of America." Dr. Sun argued that the war between north and south in China is not merely sectional, but is a national struggle "between militarism and democracy and between treason and patriotism." The internal conditions of China, according to Dr. Sun, are going from bad to worse. He charged that while millions are dying from starvation, plenty of food is available around the famine areas, which has been cornered by the militarists for profit. "Such is the state of affairs in China," the appeal continued, "that unless America, her traditional friend and supporter, comes forward to lend a helping hand in this critical period, we would be compelled against our will to submit to the demands of Japan."

Militarists are willing that this should be done, Dr. Sun charged, in order to gain Japanese support. **SITE FOR CAMPING IS GIVEN GIRL SCOUTS**  
Rome, Ga., June 15.—(Special.)—The national Girl Scout organization has accepted ten acres of land at Cloudland park, near the mountain as a gift from Lohm and Will Ledbetter, it was announced here Thursday by Mrs. Juliette Lowe, of Savannah, head of the work in this country. The land will be used as a camp site for Girl Scouts from all parts of the south. Seventy-five girls from Savannah will go to the camp in July.

**METHODISTS CLOSE MILLEN CONFERENCE**  
Savannah, Ga., June 16.—(Special.)—The annual conference of the Savannah district of the Methodist Episcopal church closed last night in the city of Savannah. The annual conference in this district is held annually by the Rev. Osmond F. Cook, presiding elder, at his time of four years expires with the conference year next fall.

**WHY SOME FOODS STARVE YOU**  
Run-down people found to be suffering from lack of Vitamines—Now Supplied by New Yeast Treatment in Tablet Form.  
You can eat hearty meals all your life and still have a starved system. Scientists have now learned that the most essential of all food elements—vitamines—are lacking in most modern foods and must be supplied in special form unless we are to become weak and run down. Vitamines are tiny little vegetable organisms that exert a powerful influence on health and vitality. Without them no food will nourish. Only recently it has been learned that ordinary yeast is almost entirely composed of vitamines, and that the addition of yeast to our diet renews the health of run-down people, aids in building tissue, and even causes signs of old age to diminish. Yeast has also proven a splendid remedy for skin troubles, boils and pimples. Experiments in the greatest medical institutions have established beyond question the miraculous results of yeast in all cases. But all yeast is not equally beneficial. The common yeast cake, for instance, is only a makeshift substitute for the concentrated yeast in tablet form, which contains 20 per cent of yeast. The scientific remedy is a concentration of the liquid brewer's yeast, combined with tonics. A group of chemists have at last evolved a new formula containing concentrated yeast of high vitamine strength, combined with iron and other tonics which make the yeast more effective. This preparation, in convenient tablet form, is called IRONIZED YEAST, and is the approved vitamine tonic treatment for run-down condition, lack of energy, neurasthenic symptoms, such as insomnia, weakness, etc. IRONIZED YEAST costs but a little more by the dose than the common yeast cake (only 10 cents a day). It is pleasant to take and will not nauseate. Buy a package of IRONIZED YEAST today from your druggist. You will feel the good effects before you have half finished the first box. Put up in sanitary form to retain its purity and full strength. Special directions for children in each package. Made by the Ironized Yeast Company, Atlanta, Ga.

**Augusta Boy Found Dead Under Peculiar Circumstances in Pool**  
Augusta, Ga., June 16.—Herbert Barkin, about twelve years of age, died at Lombard bathing pond late this afternoon, under peculiar circumstances. One of his comrades, in making a dive, came in contact with Barkin's body, seized it and brought it to the surface. Prior to this the boy had not been missed. It is inferred that the lad died of heart disease, sinking to the bottom. The pond is a small shallow one and is carefully watched and patrolled. It is not believed that any one in sound health could lose life there by drowning.

**White Youths To Pay Penalty Today for Murder**  
Felix J. Berbiglia and Charles J. Zalenka Go to Gallows for Killing Woman.  
New Orleans, June 16.—Charles J. Zalenka and Felix J. Berbiglia, the two youths who are to be hanged tomorrow for the murder of Mrs. Bertha Neason, spent their last night with relatives who returned from Baton Rouge late today after a futile appeal to Governor Parker for clemency. In the party at the parish prison were the parents of the two and Zalenka's child wife, a congenial couple, whom he married two days after his conviction. Her mother, Mrs. Carrie E. Barton and Mrs. L. F. Miller, and the mothers of the condemned men were other women of the party. Their journey to the state capital had been more than useless, as Louisiana law gives the governor no pardoning power. Berbiglia is scheduled to go to the gallows a few minutes after noon. As soon as he has been pronounced dead Zalenka will be executed. None but official witnesses will be permitted at the hangings, but a detail of forty policemen has been assigned to duty around the parish prison in anticipation of a large crowd outside the jail. The couple admitted at their trial that they robbed Mrs. Neason for her jewels and money. The woman, who was rich and beautiful, was driven out on a lonely road and shot to death, the slayers stripping her of rings and other jewels and then throwing the body into a canal.

## MORTUARY

**Mrs. Annie Stevenson.**  
Mrs. Annie Stevenson, 42 years old, of 250 Ashby street, died early Thursday morning at a private hospital. She is survived by one sister, Mrs. L. O. Romines.  
**James Frank Head.**  
James Frank Head, 44 years old, died Wednesday night at the residence in Kirkwood. He is survived by his wife and five small children; his mother, Mrs. Sara E. Head; and three sisters, Mrs. Cora G. Raden, Mrs. Carrie E. Barton and Mrs. L. F. Miller.  
**Andrew J. Gilleland.**  
Andrew J. Gilleland, 66 years old, died at his residence at 35 Augusta avenue, Thursday evening. He is survived by his wife; two daughters, Mrs. B. H. Carson and Mrs. L. S. Fisher; two sons, G. W. Gilleland, of Hamlet, N. C., and R. J. Gilleland, of Abbeville, S. C.  
**Charlie Watson.**  
Thomson, Ga., June 16.—(Special.)—Charlie Watson, aged 28, died at his home here Wednesday afternoon, after an illness of several weeks. He is survived by his mother, Mrs. Jack Watson; a brother, Cluse Watson, and two sisters, Misses Imogene Cliff Watson and Lou Watson. Funeral services were conducted Thursday afternoon. Interment followed in the Thomson cemetery.

**COUNTRY HOME FOR SALE**  
In the East Lake section, about three blocks from end of car line, we are offering for sale a country home which is equipped for a chicken farm. The main dwelling is a modern bungalow, having bath, hot and cold water, electric lights, furnace, the house being practically new. There is another 5-room dwelling on the property; also a 2-room servant's house. There is about eight acres of land which could be divided into two tracts, each having a separate dwelling. We are offering the property as a whole for \$10,000. There is nothing else around Atlanta in the way of a fancy chicken farm as well equipped as this place. It is just one block off of East Lake road, and is very accessible, the location being such that the property is likely to increase in value.

**KRYPTOK BIFOCALS**  
WHAT ARE KRYPTOK BIFOCALS?  
They are a combination of glass, allowing you to see both near and far with one solid glass. No removing your reading glass to see distant objects; no seams, lines or blisters to worry you or attract attention of others to your age. Absolutely invisible while on the face, they have proven a revelation to thousands who have come to us for them. Why are we successful with Kryptoks? Because we are extremely careful in the examination of your eyes, the correct grinding of the glass, and perfect adjustment of frames to each individual face, all of which is absolutely necessary to insure comfort and appearance. If you have Kryptoks bought elsewhere and cannot use them, bring them to us and we will find the trouble. Ask the better oculists or any of our patients what the Ballard service is to the public.  
**Walter Ballard Optical Co.**  
105 Peachtree St. (Clock Sign)
